

Simplify Healthcare with One Distinctly Different Partner

With a single platform of fully integrated solutions, Vālenz[®] Health solves point solution fatigue for your self-insured plan. Consolidate solutions with one partner rather than managing multiple vendors and an array of data streams. Leverage one powerful data source to drive better savings while meeting modern member needs for high-value care.

Point Solution Fatigue: Solved.

Simplify Healthcare with **One Partner, One Source of Data, One Platform for High-Value Care**

Fortified by America's largest cost, quality and utilization dataset, Valenz Health offers the flexibility employers, payers and partners want and the tools they need to control costs and deliver high-value care.
